Plaintiff,

CIVIL NO. 1:02CV00332

Defendants.

## A circular filing stamp with a clock-face border. The text inside the circle reads: "FILED" in large, bold, capital letters, followed by a small star symbol. Below that is the date "JUN 20 2003". Underneath the date is the text "IN THIS OFFICE", "Clerk U. S. District Court", and "Greensboro, N. C.". At the bottom, it says "By" followed by a horizontal line for a signature.

On June 3, 2003, the magistrate judge filed his recommendation in the above-entitled case and notices and copies of the recommendation were served on the parties on June 4, 2003. The notice provided, pursuant to Rule 72(b), Federal Rules of Civil Procedure, that any objections to the recommendation must be filed within ten days. Plaintiff has not filed any objections to the magistrate judge's recommendation. The court, therefore, need not make a de novo review of the magistrate judge's recommendation. The court hereby adopts the magistrate judge's recommendation.

NOW, THEREFORE, IT IS ORDERED that Defendants' motion  
[Doc. #44] for summary judgment is **GRANTED**, and this action is  
**DISMISSED** with prejudice.
